

AQUA SAVE CERTIFICATION

In 2009, the Penang State Government and PBAPP jointly launched the “Aqua Save” Programme to recognize water-friendly companies, industrial corporations, hotels, education centres, government departments and non-business organisations.

Organisations who participate in the programme will be evaluated on the amount of water savings achieved; initiatives and efforts related to water conservation; innovation and cost-effectiveness of technologies used; policies, procedures and activities; and commitment to conservation.

Successful participants will receive a certificate and will be given the right to use the “Aqua Save” logo. Penfabric (Mill 4) Sdn. Berhad participated in this program and received the Aqua Save Certification on September 2018. We also received an incentive cheque of **RM 1500**.
