At Penfabric Mill 4 production, we carry out daily 3S activities at 8.30 am – 8.40 am. Today we had a 3S breakfast get together at 8.30am to appreciate the participation of all members in the 3S activities. This celebration is also in conjunction with the Chinese New Year celebration. Mr. SP Ong gave a short welcoming speech, and explained Chinese New Year festival marking as the start of the New Year. He asked everyone to move forward let go all the past and take it as a lesson for our future. He also requested all of us to work hard in order to achieve good performance in the coming new year. He reminded everyone to drive safely during long holiday & thanked all the maintenance team as they have to sacrifice their holiday in order to do the maintenance work at the company. Mr. Okada joined this get together to support our 3S activities. After that, we had a simple breakfast with all the department heads and subordinates.

Wish all the Penfabricans, Gong Xi Fa Cai!!!
